Dear **GivenName**

An invitation to complete the 2018 Student Outcomes Survey

We would like to invite you to complete an important national survey about the **Communication_ProgramLevel** that you undertook in 2017. Our records show that you were enrolled in the following **Communication_EnrolmentDetails**.

Ipsos is conducting the survey on behalf of the Australian Government Department of Education and Training and the National Centre for Vocational Education Research (NCVER). The survey will help training providers and governments improve the quality and relevance of training, and help prospective students decide which training is right for them. If you have already completed the survey thank you, but if you have not, there is still time.

We want to hear from all students, even if you didn't complete all the training, if your training was of short duration (e.g. one subject) or if you undertook your training through your workplace.

Complete the survey now and you'll be entered into up to four prize draws.

You can complete the survey on your smartphone, tablet or PC and it should take less than 10 minutes.

Either go to <https://www.ncver.edu.au/sos> and enter your unique **Login Code:** **CaseID** or scan the QR code printed in the top right corner of this letter to be taken directly into the survey.

You will have the chance to enter into up to four fortnightly prize draws to win a share of \$4,000 in pre-paid Eftpos gift cards in each draw, with a total prize pool valued at \$16,000. To increase your chances of winning and be eligible for all four prize draws, complete your survey as early as possible.*

All of your answers are private and confidential. We take the privacy and protection of personal information seriously, and request you to read the Privacy Collection Notice at www.ncver.edu.au/sos/privacy-notice for details about how the personal information you provide for this survey will be protected, used and disclosed.

If you have any questions about the survey, **ALS** telephone Ipsos (freecall) on 1800 071 219 or email sos@ipsosurveys.com.au.

Thank you in advance for completing this important survey.
