

**Subject:** National Student Outcomes Survey - Share your experiences to help make a difference to the future of training

Hi **%%FIRST\_NAME\*\*student%%**,

### **Tell us what you think about your training in the 2020 Student Outcomes Survey**

We invite you to share your experiences on your training, **%%PROGRAM\_SUBJECT\_NAME\*\*course%%** at **%%TRAIN\_ORG\_PROPER\_NAME%%**, through this important national survey - the only source of national data on students' experiences with vocational education and training. The survey should take you about **%%SURVEY\_LENGTH%%** to complete.

The Social Research Centre is conducting the survey on behalf of the Australian Government Department of Education, Skills and Employment and the National Centre for Vocational Education Research (NCVER).

We acknowledge the significant impact the COVID-19 situation is having on everyone. The current situation makes hearing from you about your experience of the VET system more important than ever, to help in planning for the future recovery. For more information about the Australian Government response to COVID-19 and support available click [here](#).

We want to hear from all students, even if you are no longer in Australia or you took part in last year's survey. Your responses will be used to understand how the training system is working, and to improve training quality and outcomes for future students.

**[Take the survey](#)**

If you are having trouble accessing the survey, please go to [www.ncver.edu.au/sos](http://www.ncver.edu.au/sos) and enter your **Login Code: %%RECORDID%%**

**Complete the survey early for more chances to win. If you complete your survey before midnight (AEST) Monday 29 June you will be entered into ten weekly prize draws to win a share of \$4,000, with a total prize pool valued at \$40,000.**

All your answers are private and confidential. Please refer to the Privacy Notice [here](#) for more details about your personal information and how it will be managed and protected.

For questions or assistance with the survey, please refer to:
