Introduction

This document covers the data terms used in the *Australian vocational education and training statistics: government funding of VET 2019* publication and related data products. The primary purpose of this document is to assist users to understand the specific data terms.

Terms that appear in the publications and data items are listed in alphabetical order with the following information provided for each:

- Definition: a brief explanation of the term
- Classification categories: where applicable, defined categories that apply to each term are listed
- Source: a description of the source of this information.

Unless stated otherwise, all data are sourced from the National VET Funding Collection. The National VET Funding Collection is an administrative collection governed by the *Australian Vocational Education and Training Management Information Statistical Standard (AVETMISS): the Standard for VET Funding Data—release 1.1*, which will be available on full implementation of the National VET Funding Collection. References to the applicable field definitions within AVETMISS for VET Funding Data, which further define the data collected, are provided in the 'Source' section.

Terms and acronyms which have a broader vocational education and training application have not been included in this document. Readers are referred to the *Glossary of VET*, which is available at the VOCEDplus website: <<https://www.voced.edu.au/glossary-vet>>.
